

imaxx Canadian Bond Fund

May 2017

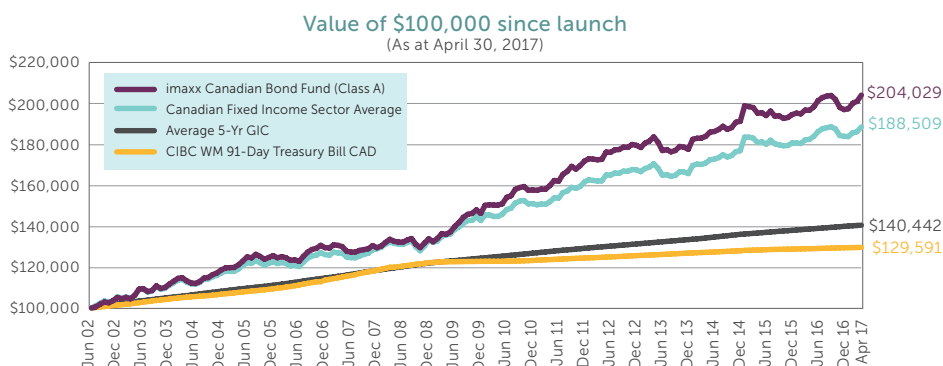

“With a focus on corporate bonds, we’re able to find both attractive yields and diversification opportunities, compared with traditional government bonds. Our forensic analysis of the individual securities has ensured that the Fund has not had a single default since its inception.”

– Gregory Ross,
President and Chief Executive Officer,
Foresters Financial Investment
Management Company of Canada Inc.

The Fund seeks to deliver long-term stable growth through interest income and capital growth by investing primarily in bonds of varying maturities and in short-term securities.

Performance

The Fund has demonstrated strong and consistent returns since its inception, versus both its peer group and alternative asset classes.

Performance vs. Select Peers

When investing, it is important to consider diversifying investors’ exposure among funds within a concentrated sector to reduce their portfolio risks. As you can see, imaxx Canadian Bond Fund offers strong relative returns when compared with its largest peers.

Performance as at April 30, 2017		1 year		3 years		5 years		10 years		MER (%)

Diversification Potential

Bonds have long been promoted for their diversification attributes. The imaxx Canadian Bond Fund is no exception. This chart shows how on a calendar year basis the Fund has provided strong absolute returns for the past 10 years. Even when the Bond Fund posted negative year returns compared to equities, the downside was limited.
